Assignment (CA3)
CSE332

Max Marks: 30

Note: Attempt all questions. Each question is carrying equal marks.

1. Do you agree with Facebook's philosophy of automatically enrolling users in new features without their knowledge or consent? Why or why not?
2. What are the benefits of certification? How might certification programs need to change in the future to better serve the needs of the IT community?
3. Does charging by the hour encourage unethical behavior on the part of contract workers and consultants?
4. Should all IT workers be either licensed or certified? Why or why not?
5. Why do employers monitor workers? Do you think they should be able to do so? Why or why not?
6. Explain the concept that an idea cannot be copyrighted, but the expression of an idea can be, and why this distinction is a key to understanding copyright protection.
